Patient Privacy and Access

Welcome to MiDoctor

Before you continue, please review and accept the following terms governing your use of MiDoctor Healthcare Marketplace..

By accessing this application, you acknowledge and agree that:

- 1) You are authorized to use this application and will access only the information and functions you are permitted to access.
- 2) You will protect your username, password, authentication methods, and other account credentials.
- 3) You will not access another person's account, medical information, PHI, records, systems, databases, or other confidential information without authorization.
- 4) You will not attempt to bypass, disable, defeat, or circumvent security, authentication, access-control, encryption, monitoring, or other safeguards.
- 5) You will use the application only for authorized and lawful purposes.
- 6) You will protect all Protected Health Information (PHI) and other confidential information that you access through the application.
- 7) You will not copy, download, photograph, screenshot, export, disclose, or transmit PHI except as authorized and permitted by applicable law and policy.
- 8) You will promptly report suspected unauthorized access, privacy violations, security incidents, compromised credentials, or accidental disclosures.
- 9) You understand that activity within the application may be logged, monitored, and audited for security, privacy, compliance, and operational purposes.
- 10) You agree to comply with applicable laws, regulations, organizational policies, and professional requirements, including applicable HIPAA privacy and security requirements.

Unauthorized access, use, disclosure, modification, destruction, or attempted compromise of the application's systems or information is strictly prohibited and may result in suspension or termination of access and, where applicable, civil, administrative, or criminal consequences.
